SWITCH SOLUTIONS FOR TEST & MEASUREMENT APPLICATIONS

High performance test & measurement equipment plays a critical role in a number of industries such as manufacturing, telecom/datacom, utility, automotive, and medical. Whether they are used in a lab environment, an auto repair shop, or a construction site, these products need to perform reliably under challenging conditions. The switches used to power, program, and operate these devices must be designed to perform at the same level.

C&K products are among the highest performing switches in the world and were designed with these types of applications in mind. In addition to our standard portfolio, we can customized any switch to meet the most demanding requirements of our customers.

BENCHTOP TEST EQUIPMENT

Digital Height Gage

Oscilloscopes

Function Generator

Mass Spectrometry / Gas Chromatography
